FULL TEXT

The data in this chart are from a 1999 doctoral dissertation by Guocun Yang, "From Slavery to Emancipation: The African Americans of Connecticut, 1650s-1820s." Yang's information is from the census report, "Heads of Families, at the First Census of the United States Taken in the Year 1790." Spelling errors in the original report have not been corrected. Abbreviations of Christian names and Colonial- era town names have been preserved, though the current name is noted in parentheses, where appropriate.

The information on a number of Litchfield area towns is not separated by town because it appears that way in the original returns. In New London County, also, the returns were not separated by town.

LIBRARY NOTE: Due to technical difficulties there is no space between the slave owner and the number of slaves owned.
