**Subject Line:** Cosponsor the Civics Secures Democracy Act

Dear **Representative/Senator** \_\_\_\_\_,

As an [**educator / parent / position at \_\_\_\_\_ member organization**], and as your constituent, I am writing to urge you to cosponsor the bipartisan Civics Secures Democracy Act [HR 1814] to expand access to American history and civic education.

I believe that this funding for American history and civics is critical, because it provides states and districts with the resources they need to effectively teach the subjects and prepare students to be informed and engaged participants in our constitutional democracy. Additionally, participation in the National Assessment of Educational Progress assessments will generate data on learning outcomes to help educators around the country better provide quality civic education.
